See the below message from USG attorney Matt Cohn regarding possible meeting dates for USG. Please rank the dates in order of preference and availability and send back to me. Hopefully we'll get a day that works for everyone.

Thanks.

Good morning,

Please see the below email.

I am off for the rest of this week – please look at everybody's schedules and see if any of these dates work for us.

I will be back in the office on Monday.

Happy thanksgiving!

Sarah

Sarah:

I have been working on coordinating schedules. How are the following dates: the morning of December 8<sup>th</sup> (ending before 11:00), or any time on December 19<sup>th</sup>? If either of these work, can you pick one, and if not, I can work on other dates. December 4th-8th and December 19th-22nd seem to work best for our group. Those attending would be the following:

Greg Kinser, USG Environmental Director  
Mike Hill, USG Red Wing Plant Manager  
Jeff Bennett, Barr Engineering, Air Consultant  
Matt Cohn, Greensfelder, Outside Counsel

Also, we are not sure yet if the non-Chicago folks will be able to come in, and so we may need to have the option of participation by phone - to be determined.

I look forward to hearing from you.

Regards,

**Matthew E. Cohn**

**Subject:** USG Red Wing, MN - Draft Agenda

Good morning Matt,

Per our previous conversations, and after talking with Daniel and our management, I am proposing this draft Agenda for the upcoming meeting between EPA and USG regarding the Red Wing, MN facility.

1. USG's current plans for SO2 modeling
2. Production outlook and possible upcoming significant changes to the Red Wing facility
3. Ambient air monitoring

This is a draft Agenda - we are happy to include any additional topics you would like to discuss.

Please let me know UGS's availability for a meeting during the weeks of Nov. 6<sup>th</sup> & Nov. 13<sup>th</sup> and the month of December.

Thank you.

Sincerely,

Sarah J. Stillman
